from source to consumption

Lead Your Organization to Enterprise Excellence

Supply chain, transportation, IT, distribution, and manufacturing professionals are facing more challenges today than ever before. Enterprise resource planning and supply chain networks are extremely complex. The global business environment and technology requirements are rapidly changing. And for better or worse, every choice can have a direct impact on bottom line results, customer satisfaction and competitive advantage. Rarely can one person, or even multi-functional internal teams, offer fresh perspective and a deep expertise across all areas of a company's enterprise.

enVista's consulting and transportation outsourcing services augment and complement client capabilities. Our partnership approach and unparalleled experience enable professionals to more fully address complex challenges, significantly cut costs, achieve executive buy-in and praise, and lead their organizations to enterprise excellence.

Our passion and success lies in our ability to help clients avoid, reduce and contain costs across their enterprise.

Jim Barnes – President & CEO

Avoid, Reduce and Contain Costs Enterprise-wide

enVista is a leading supply chain consulting and IT services firm, delivering innovative solutions that improve profitability, enhance customer service and reduce waste from source to consumption. Our unrivaled consulting experience, deep vertical industry expertise and comprehensive solutions portfolio enable clients to leverage one strategic partner that consults, implements and operates across Supply Chain, Transportation, Retail, IT and ERP.

enterprise-wide

enVista's mission is to provide the highest quality professional services and innovative solutions to enable enterprise excellence.

John Stitz – *Senior Managing Partner*

Experts You Can Trust

Who We Are

Deeply experienced - enVista was founded in 2002 by supply chain experts in response to market demand for skilled consulting services. enVista offers decades of deep supply chain, enterprise and LEAN manufacturing experience across a multitude of industries.

Conveniently located - enVista is based in Indianapolis with locations across the U.S. and Europe.

Privately held - enVista is financially stable and rapidly growing.

Proven - enVista delivers significant cost savings for hundreds of leading companies. As a result, we enjoy positive, long-term client partnerships. A large majority of clients have engaged enVista for multiple projects.

Scalable services – enVista provides value across a wide range of services, from short-term assessments and engagements, to long-term, multi-site or network-wide projects. Our services and expertise are well-suited for mid-market and Fortune 100/500 companies.

Our Approach

Our expert consultants partner with clients for operational analysis and solution selection, through implementation and beyond. We empower and educate user teams to maximize results and ensure success.

Partnership

- We are client-centric in our approach, demonstrating we have the best interests of our clients in mind. This leads to long-term relationships with our clients.

Strategy

- Our consultants develop a course of action based on listening, observing and measuring. Client input is a vital part of developing a successful action plan.

Proven Methodologies

- enVista employs a disciplined, proven approach to all projects, ensuring goals and requirements are met on-time and on-budget.

Accountability

- We hold ourselves accountable for client success. In fact, our culture of accountability is reinforced through Guiding Principles that are adhered to throughout every layer of our company.

Guiding Principles

Our Guiding Principles hold us to the highest standards, ensuring our clients receive the value they expect from their enterprise and supply chain investments. Hundreds of clients across a variety of industries incorporate a successful partnership with enVista as part of their business strategy.

Our Guiding Principles

1. We are passionate about delivering solutions that enable our clients' success.
2. We have the best interests of our clients and associates in mind. "We do the right thing for the right reasons."
3. We bring honesty and integrity to everything we do.
4. We strive for excellence. We take accountability for our actions and we do not make the same mistake twice.
5. We are proactive in our approach to solving real business problems. "Hope is not a strategy."
6. We spend money like it's Momma's Money. Our clients need not ask for their change back.
7. We are entrepreneurs who seek innovative solutions that enable bottom-line profitability for our clients and ourselves.
8. We listen carefully. No one has a monopoly on good ideas.
9. We understand that execution is a discipline. We execute on our commitments to ensure our clients' success and our own company success.
10. We strive for balance in our lives. enVista is a lifestyle, not a job. "We work hard and have fun."

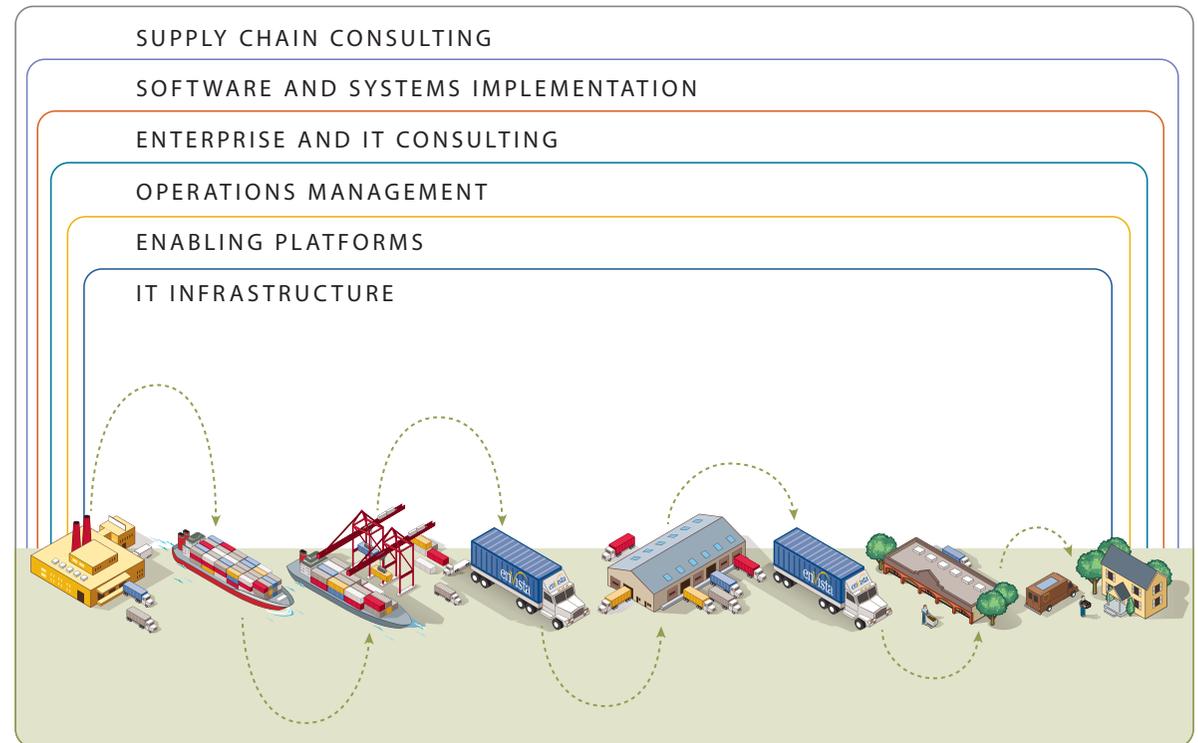

The Services You Need

Services

enVista's services meet all enterprise requirements – from source to consumption – to ultimately save money and deliver greater efficiencies. Our unprecedented, comprehensive services portfolio allows clients to leverage one experienced partner for all matters related to Supply Chain, Transportation, Retail, IT and ERP.

Because our clients' needs range in scope, so do our services. Some partner with us for assessments that last a few days. Others engage with us for months on a major project. Our work is sound, our solutions are comprehensive and our partnerships are solid. As a result, most clients continue to work with us through the years as their business needs grow and change.

Solutions from Source to Consumption

I've been through the WMS selection process multiple times, and enVista's methodology and process is unrivaled. It's a tragic mistake to try to do it internally. There is an extremely objective approach, and I'm always telling friends to investigate them.

A Partner That Understands Your Unique Business

According to enVista clients, one of our best attributes is our ability to listen. We pay attention to our clients' needs, ask the right questions and gain a deep understanding of their business operations and goals. We take the time to get to know each client's unique business without any assumptions so that the results we deliver not only address the right problems, but address them in the best way possible.

Our experience spans the entire enterprise, our knowledge of Supply Chain, Transportation, Retail, IT and ERP is unrivaled, and our intimate familiarity with the solutions we work with enables us to troubleshoot and give clients the expertise they need.

Our work is sound, our solutions are comprehensive and our partnerships are solid. As a result, most clients continue to work with us through the years as their business needs grow and change.

Ken Mullen – *Senior Managing Partner*

The Right Choice

“It’s more than the client/consultant relationship. enVista has been a great partner and friend through the entire engagement. We have a personal connection and trust with our enVista team and can call them for advice on anything. The firm is large enough to deliver the resources and expertise we need on any type of project. enVista will go over and above the call of duty to get a project done and make sure it is done right. These are the things that keep us coming back to enVista.”

Mike Racer - *Vice President of Supply Chain, Sephora*

“In total, across all areas of Supply Chain Management (SCM) consulting, ARC looked at over 1,000 companies. Based on an impressive transportation cost auditing solution and their expertise in implementing best of breed Supply Chain Execution solutions, enVista topped our list as one of the ‘Ten Coolest Boutique SCM’ consulting firms. We continue to be impressed with their capabilities in this area.”

Steve Banker – *Director, Supply Chain Management, ARC Advisory Group*

Industry Recognition

Recognized Industry Thought Leaders – *enVista associates are regularly asked to present and provide interviews for major tradeshows, conferences and publications.*
